SPG 201.65-1 requires the deans of the schools or colleges and the directors of administrative units to articulate and disseminate implementation policies that apply to faculty and/or staff within those units. The implementation policy and procedures for Division of Student Affairs (DSA) are provided below. This policy and its procedures apply to all full-time and part-time staff, whether permanent or temporary. The University expects all staff to be familiar with the contents of SPG 201.65-1 and with the applicable set of unit implementation procedures.

A. Statement of Principles for School/College/Administrative Unit's Policy

The policy section of SPG 201.65-1 outlines a set of key principles relevant to conflicts of interest and conflicts of commitment, including the principles stated below.

All staff members are to act with honesty, integrity, and in the best interest of the University when performing their duties, and to abide by the highest standards of research, educational, professional, and fiscal conduct. Outside activities should not interfere with an individual's University obligations. Staff must not use their official University positions or influence to further gain or advancement for themselves, parents, siblings, spouse or partner, children, dependent relatives, or other personal associates, at the expense of the University. In accordance with its mission, however, the University of Michigan allows and encourages staff to engage in outside activities and relationships that enhance the mission of the University. As a result, potential conflicts of interest and commitment are inevitable, but these potential conflicts are not necessarily problematic. Rather, the essential point is that faculty and staff must disclose these potential conflicts of interest so that they can be evaluated and, if necessary, managed or eliminated.

* When implementing SPG 201.65-1, academic and administrative units must also consider both particular rules of conduct within the University and rules that govern outside activities applicable to the staff of the Division of Student Affairs. These include:

- Regents' Bylaw 5.13, related to governmental elective/appointed service
  http://www.umich.edu/%7Eregents/bylaws/bylaws05b.html#4;
- SPG 201.12, related to misconduct and discipline;
- SPG 201.23, related to hiring of relatives or those with a close personal relationship; and
- SPG 201.85, related to work performed for other University units.
The specific definitions for a potential conflict of interest and potential conflict of commitment in Section II.A of SPG 201.65-1 also apply to the procedures described below. Broadly defined, a potential conflict of interest encompasses external ties that may or may appear to improperly bias a staff member's judgment in performing his or her University job responsibilities. A potential conflict of commitment, broadly defined, encompasses situations in which a staff member's external relationships or activities may or may appear to interfere or compete with the University's mission, or with the staff member's ability or willingness to perform his or her job responsibilities.

B. Disclosing, Evaluating, and Managing Potential Conflicts of Interest and Conflicts of Commitment

1. Disclosing potential conflicts of interest and conflicts of commitment

Whenever a potential conflict of interest or conflict of commitment exists for a staff member, he or she must promptly disclose it, in writing, to the Associate Vice President, Finance/Human Resources for Student Affairs or designate. (SPG 201.65-1, Section III.A.3.)

Examples of potential conflicts include (but are not limited to):
- Performing work for other University departments or units for additional pay;
- Participating in decisions or deliberations where your own personal financial interests are or could be affected;
- Participating in decisions or deliberations where a family member is or could be affected, financially or otherwise (Note: As stated in SPG 201.65-1, family members include parents, siblings, a spouse or partner, children, and dependent relatives.);
- Performing activities for non-University entities for pay;
- Accepting gifts, entertainment, or other items of value from vendors or other third parties that do or have business with the University (also see below);
- Accepting an incentive or benefit to gain access to a staff member's supervisor; and
- The operating units within the Division of Student Affairs may develop additional examples specific to their units consistent with the overarching DSA policies.

Gifts

A potential conflict exists when a vendor, current or potential, gives a gift to a staff member. General University policy prohibits employees from accepting any gift of substantial value from vendors or from students (Regents' Bylaw 2.16). DSA unit(s) may decide to be more restrictive than general University policy. Options to consider include no gifts, reporting of gifts, no gifts over a certain value.
2. Evaluating disclosures of potential conflicts of interest or conflicts of commitment

The Associate Vice President, Finance/Human Resources, Finance/Human Resources or designee shall evaluate all disclosed potential conflicts of interest or conflicts of commitment. The Associate Vice President, Finance/Human Resources, or designee may require the staff member to provide additional information or documentation that may be relevant to evaluating the potential conflict of interest or conflict of commitment.

As needed, the Associate Vice President, Finance/Human Resources or designee will consult with appropriate central administrative offices (e.g., Office of the Provost and Executive Vice President for Academic Affairs, Office of Human Resources and Affirmative Action, Office of the Vice President for Research, Office of the Vice President and General Counsel). (See also Section B.4, below.) As needed, he or she will also consult with his or her supervisor.

3. Developing plans to manage potential conflicts of interest and conflicts of commitment

When the Associate Vice President, Finance/Human Resources or designee has determined that a potential conflict of interest or conflict of commitment exists that must be managed or eliminated, he or she must develop, in consultation with the employee, a recommended plan for managing the potential conflict. The Associate Vice President, Finance/Human Resources or designee will then provide the plan to the employee's supervisor, who has authority for approving it. The supervisor will provide the employee with a copy of the approved conflict management plan and will discuss any related ambiguities or issues that arise.

4. Involving other University individuals or offices, as required

Purchasing

When a potential conflict involves a purchase of goods or services, the Associate Vice President, Finance/Human Resources or designee must also disclose the conflict to the appropriate staff person in the University's Office of Purchasing Services, and also to the unit staff member responsible for handling unit purchases. If the Associate Vice President, Finance/Human Resources or designee determines that a conflict exists that must be managed or eliminated, he or she will consult with these individuals in developing a plan to manage the conflict.

Research

When a potential conflict involves work performed for a research project, the Associate Vice President, Finance/Human Resources or designee must inform the head of the research project. If the Associate Vice President, Finance/Human Resources or designee determines that a conflict exists that must be managed or eliminated, it is his or her responsibility to ensure, in consultation with the head of the research project, that the conflict management plan does not conflict with requirements related to the research or to research funding.
C. Administering the Policy

1. Record-Keeping and Issues of Confidentiality and Privacy

When personal financial or associational documents are provided to the Associate Vice President, Finance/Human Resources or designee, the documents shall be placed in a secure file accessible only to the Associate Vice President, Finance/Human Resources or designee and the unit supervisor. Where any other staff member has a legitimate business reason to access the documentation, then either the Associate Vice President, Finance/Human Resources or designee or the unit supervisor may authorize access to the file and provide either copies and/or information, as may be required for the stated business purpose. If the Associate Vice President, Finance/Human Resources or designee, the supervisor, or his or her designate provides copies of information in the files to a staff member, he or she must also ask that staff member to maintain the same level of confidentiality for the copied information as applies to the original information or documents.

Documentation of the staff member's disclosure and action taken shall be included within the secure file. The documentation may be as simple as identifying the disclosure and, when no further action was required, including a notation to that effect on the disclosure description. The Associate Vice President, Finance/Human Resources or designee may wish to provide guidance on how long to keep records. For example, units may desire to keep initial disclosures and the management plan for longer periods, but return/destroy/purge ancillary records for three years after the potential conflict passes.

In some circumstances, the University is required to disclose potential conflicts to people within or outside the University. For example, if a conflict exists within the context of a federally sponsored project, the University is required both to disclose the existence of that conflict (without providing identifying information) to the federal government and to indicate whether it has managed the conflict. Also, the University may be legally required to disclose information in response to requests made under the Michigan Freedom of Information Act (FOIA) [http://www.umich.edu/~urel/foia.html](http://www.umich.edu/~urel/foia.html). In addition to the people listed above, should any other individual have a legitimate educational or business reason to access the confidential records, whether in the context of a federally sponsored project, a FOIA request, or otherwise, the Associate Vice President, Finance/Human Resources or designee or the unit supervisor may authorize access to the file, provide copies, or provide oral or written summaries of the information in the file. Where possible, the individual to whom the Associate Vice President, Finance/Human Resources or designee or unit supervisor authorizes disclosure shall be required to maintain at least the same level of confidentiality as applies to the original information.

Administrators of this policy will make every reasonable effort to preserve confidentiality and protect the privacy of all parties in the course of investigating a potential conflict of interest or commitment and, as applicable, in developing a plan to manage the conflict. (See Regents' Bylaw 14.07 Privacy and Access to Information and SPG 201.46 Personnel Records – Collection, Retention and Release.)

Any faculty or staff member who becomes aware of a Associate Vice President, Finance/Human Resources or designee or unit supervisor who has provided or may have provided unwarranted access to conflict documentation or information, as defined in this policy, should inform the Vice President for Student Affairs. To follow up, the EC will investigate the allegation and, where appropriate, take personnel action.
2. Resolving Disputes

When a staff member disputes any action or decision related to a potential conflict of interest or conflict of commitment, the staff member should first ask that the action or decision be reviewed by his or her supervisor.

If, following the above review, the staff member remains unsatisfied with the action or decision, the staff member may initiate existing University policies and procedures for handling disputes, when available, including, where applicable, collective bargaining agreement grievance procedures.

3. Conducting Education and Training

Upon hiring into or transfer into the unit, every staff member shall be provided with the Division of Student Affairs implementation policy.

DSA departments may also wish to add additional options such as:

1. Annual paper certification of having reviewed the policy
2. Certification of having reviewed the policy at performance evaluation time
3. Record fact of giving unit policy to employee
4. Every employee shall complete the on-line educational tutorial for overall University policy. A record of successful completion of the tutorial shall be provided to the Associate Vice President, Finance/Human Resources or designee.

4. Violations

Any violation of SPG 201.65-1 or this implementing policy may be a cause for disciplinary action. In the first instance, the employee's supervisor shall evaluate the violation and take appropriate action, if needed, all in accordance with existing University policies and procedures. Consultation with the employee's Human Resources representative may be appropriate. The outcome of the supervisor's review and any actions taken shall be documented and included within the secure file maintained by the Associate Vice President, Finance/Human Resources or designee. If appropriate, all relevant documentation may also be included within the employee's personnel file maintained as provided under SPG 201.46.

5. Policy Review and Revision

The Associate Vice President, Finance/Human Resources or designee shall regularly review all potential conflict disclosures and actions taken with the Vice President for Student Affairs to ensure a consistent approach to potential conflicts within the unit. The Vice President for Student Affairs shall similarly regularly consult and review potential conflict management issues with the applicable executive officer for the unit. If the Vice President for Student Affairs determines that any of the changes he or she would like to adopt will materially change the policy, the Vice President for Student Affairs will
follow the procedures used to adopt the original policy http://www.umich.edu/~hraa/procedures/spg201-65-1.htm. In particular, Vice President for Student Affairs will submit any materially revised policy to the President for further review and approval and formal adoption. A current version of the Division of Student Affairs' policy should be on file with the President at all times.

D. Other Governing Policies

This policy implements SPG 201.65-1, Conflicts of Interest and Conflicts of Commitment, incorporates SPG 201.65-1 in its entirety, and includes all elements required under that SPG. Implementation of SPG 201.65-1 within the Division of Student Affairs requires compliance with other University policies and procedures, including all Regents' Bylaws and SPGs, as well as with any relevant external rules of professional conduct and applicable law. Relevant policies, procedures, rules, and law include (but are not limited to) the following:

- Regents' Bylaw 2.16, regarding gifts to University employees http://www.umich.edu/~7Eregents/bylaws/bylaws02.html#16;
