PART 3 - FULL-TIME EQUIVALENT ENROLLMENT

Opening Fall FTE Enrollment for Current Academic Year and Previous Two Years

Name of institution/campus reported: University of Michigan - Ann Arbor

Formula used is based on student credit hour load.

Each student carrying a full course load is counted as one FTE. To calculate the FTE of part time students use the following formula: For undergraduates, add the credit hours of all students electing 11 or fewer hours and divide the total by 15.5.

For masters students, add the credit hours of those taking 8 or fewer hours and divide the total by 12. For doctoral students, add the credit hours of all those electing 5 or fewer hours and divide by 8. The total FTE of part-time students is then added to the total number of full-time students to obtain total FTE.
